Note: Using bridged-race estimates, persons identifying as Some Other Race and Two or More Races have been reapportioned to one of the following racial categories: White, African American, American Indian/Alaska Native, and Asian/Pacific Islander. Percentages are calculated for based on the total population of each racial/ethnic group in a geographic area. Percentages may not sum to 100 due to rounding.

Note: Using bridged-race estimates, persons identifying as Some Other Race and Two or More Races have been reapportioned to one of the following racial categories: White, African American, American Indian/Alaska Native, and Asian/Pacific Islander. Percentages are calculated for based on the total population (male plus female) of each racial/ethnic group in a geographic area. Percentages may not sum to 100 due to rounding.

Note: Using bridged-race estimates, persons identifying as Some Other Race and Two or More Races have been reapportioned to one of the following racial categories: White, African American, American Indian/Alaska Native, and Asian/Pacific Islander. Percentages are calculated for based on the total population (male plus female) of each *racial/ethnic* group in a *geographic* area. Percentages may not sum to 100 due to rounding.

Note: Using bridged-race estimates, persons identifying as Some Other Race and Two or More Races have been reapportioned to one of the following racial categories: White, African American, American Indian/Alaska Native, and Asian/Pacific Islander. Percentages are calculated for based on the total population (male plus female) of each racial/ethnic group in a geographic area. Percentages may not sum to 100 due to rounding.

Note: Using bridged-race estimates, persons identifying as Some Other Race and Two or More Races have been reapportioned to one of the following racial categories: White, African American, American Indian/Alaska Native, and Asian/Pacific Islander. Percentages are calculated for based on the total population in a geographic area. Percentages may not sum to 100 due to rounding.

Note: Using bridged-race estimates, persons identifying as Some Other Race and Two or More Races have been reapportioned to one of the following racial categories: White, African American, American Indian/Alaska Native, and Asian/Pacific Islander. Percentages are calculated for based on the total population in a geographic area. Percentages may not sum to 100 due to rounding.
